

COTTAGE

WITH NEO 500 AUTOMATIC BEV® BURNER

Net Zero fireplace with BEV Technology®

AUTOMATIC BEV® BURNER

The BEV Technology® guarantees burning that is free of smoke, odor, or ash. This technology creates a flame by burning ethanol vapors, ensuring that the fire has no direct contact with the liquid fuel.

INNOVATIVE BURNER

Experience the warmth and ambiance of a larger flame with Neo, featuring a specially designed burner filled with foamed glass to expand the fire's width for a more captivating and radiant glow.

AUTOMATIC REFILLING

The automatic pump communicates with the device, delivering the necessary amount of fuel. There is no risk of overfilling the tank or spilling the fuel.

OPTIONAL LOGBOX

Embrace the rustic charm of the fire stove, brilliantly combined with an optional freestanding box for decorative wood (logs not included).

REMOTE CONTROL

Easily control your fireplace with the handy remote. You're in charge of the flames. Go for one of 2 flame levels to adjust the ambience and coziness to your needs.

DECORATIVE LOGS

Add a touch of elegance and cozy warmth to your space with a burner decorated with new ceramic logs placed on a bed of decorative foam glass gravel.

Cottage

Fuel tank capacity	1.7 L
Maximum burn time	5.0 hours
