ETHANOL BURNER

Commerce Technology®

COMMERCE TECHNOLOGY®

Planika developed a uniquely safe Commerce Technology®, which is based on highly absorbent ceramic fibers. If you accidentally drop or tilt the fireplace, the fuel will remain inside the burner.

GLASS CYLINDER

This durable glass cylinder protects the flame from any air blows, making it stable at all times.

CLEAN & EFFICIENT FIRE

The fireplace utilizes bioethanol, the green source of energy. It produces fire that is rich in colour and doesn't emit any smoke.

FREESTANDING

The contemporary solution for the maximum comfort and unlimited arrangement possibilities. Planika's freestanding biofireplaces ensure instant natural fire in any place.

BEST BUILD QUALITY

The product is built to the highest quality standards. Made of concrete and best materials, it is extremely durable and resistant to the most harsh conditions.

Jar (Commerce Technology[®])

Fuel tank capacity	3.0 L
Maximum burn time	7.0 hours
Maximum heat output	2.5 kW
Minimum room cubature	25 m ³
Weight	41.5 kg
Fuel type	bioethanol 95 - 96,6%
Flue	not required
Air change rate	1 space volume per hour (indoor)
Materials	concrete, stainless steel, glass
Application	for indoor and outdoor use

All product specifications and data are subject to change without notice and are believed to be accurate as of the date hereof. Planika Sp. z o.o., its affiliates, agents, and employees, and all persons acting on its or their behalf (collectively, "Planika Sp. z o.o."), disclaim any and all liability for any errors, inaccuracies or incompleteness contained in any document or in any other disclosure relating to any product. To the maximum extent permitted by applicable law, Planika Sp. z o.o. disclaims any and all liability arising out of the application or use of any product. No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document or by any conduct of Planika Sp. z o.o.. Customers using or selling Planika Sp. z o.o.'s products not expressly indicated for use in such applications do so entirely at their own risk and agree to fully indemnify Planika Sp. z o.o. for any damages arising or resulting from such use or sale. The provided fuel consumption is based on laboratory testing on the lowest flame level. The actual consumption of individual devices may vary. The images are indicative only.
