

100 CM BUILT-IN SEE THROUGH BIO FIREPLACE

BIO-30-011

This elegant, sleek double-sided 100 cm built-in bio fireplace is designed for installation in narrow walls. With a depth of only 18.2 cm and a capacity of 4 liters, it offers up to 6.5 hours of burn time per fill without the need for electricity or a chimney. The flames are visible from both sides, creating a cosy and inviting atmosphere. Equipped with tempered glass, this fireplace is perfect for modern homes seeking a stylish and practical heating solution.
