

3-SIDED CHIMNEY BUILD-IN BIO FIREPLACE

BIO-30-023

This bioethanol fireplace insert is a practical and elegant solution for transforming your existing chimney into a bioethanol fireplace. Measuring 53 cm in width, the insert fits standard Danish chimney dimensions. Without the need for a flue, you can close off the chimney and cancel chimney sweeper services, reducing maintenance costs. The fireplace features a 2.5-liter burner, providing up to 7.5 hours of burn time per fill. It includes three safety glass panels for a safe and stable flame, and installation requires no electricity.

TECHNICAL SPECIFICATIONS

Key Specifications
