

FOCO TWO 1000 ULTRA SLIM

BIO-30-138

Foco Two 1000 Ultra Slim is an ultra-narrow built-in bioethanol fireplace that allows viewing of the flames from two sides. The fireplace requires only a 10 cm deep wall, making it the slimmest built-in bioethanol fireplace on the market. The included 80 cm Slimline burner has a 4-liter capacity and provides up to 7 hours of burn time. Made of 4 mm powder-coated stainless steel, this fireplace has a neutral and timeless design. Tempered glass shields the flames, ensuring stability, but can be removed if desired.

TECHNICAL SPECIFICATIONS

Burner - Features
