

OREGON - WALL-MOUNTED BIOETHANOL STOVE

BIO-10-060

Oregon is a traditional, wood stove-like bio fireplace that is easily mounted on the wall without the need for a chimney. This timeless and stylish bio fireplace mimics the classic wood stove design, allowing you to view the flames from three sides. The flames are protected by glass and a fireplace frame, ensuring high fuel efficiency and shielding from drafts and gusts. The Oregon bio fireplace emits no smoke or soot and requires minimal maintenance. With a burn time of up to 4.5 hours per fill and a heat output of 1.9 kW, this fireplace is ideal for both wall-mounted and free-standing use.
