

OUTDOOR BUILT-IN 90 CM FLAME

BIO-50-594

This Danish-made manual burner from Decoflame, crafted near Aalborg, is perfect for DIY outdoor projects such as integrating it into a wooden table on your patio. With an impressive flame length of 90 cm, it not only creates a nice and inviting atmosphere but also provides up to 8.2 kW of heat, allowing you to enjoy your outdoor spaces even as temperatures drop. The use of bioethanol fuel means there's no need for a chimney, and you won't have to deal with smoke, soot, or ash. This burner has a capacity of 10 liters, offering a burn time of 7-20 hours.
