

MOLDE - CAST IRON BIOETHANOL STOVE

BIO-20-904

Molde is a freestanding bioethanol fireplace in a traditional stove design from ScandiFlames. The fireplace features an adjustable 1.5-liter manual bioethanol burner that can burn for up to 5 hours per refill and generates approximately 2.1 kW of heating power. The cast iron construction boasts elegant markings and cutouts, making it a visual focal point even when not in use. The fireplace comes with a decorative top that can be removed, allowing you to use the flat plate below to heat a kettle or similar items, adding extra functionality. The front includes a glass door that provides a beautiful view of the flames.

TECHNICAL SPECIFICATIONS

Key Specifications

Product type	Bioethanol Stove
Brand	ScandiFlames
Included	Extinguishing Tool
Included	Bioethanol Burner
Included	User guide
Included	Glass
Use	Indoor
Warranty	2 years

Dimensions & Weight

Length/Width	47 cm
Height	69,5 cm
Depth	39 cm
Weight	56 kg

Technical Specifications

Minimum room size	50 cubic metres
Fuel	Bioethanol
Burning time up to	5 hours
Capacity	1.5 Litres
Heat output (max)	2,1 kW
Consumption	0.3 L/h
Recommended air change rate	1

Burner Specifications

Control	Manual
Adjustable flame	Yes
Burner Model	1.5 Litros Premium
Flame length	15 cm
Remote control	No

Material and Appearance

Material	Cast Iron
Colour	Black
Glas included	Yes

Installation Details

Flue/Chimney	Not Required
Power requirements	No
