

KINGSTON - FREESTANDING BIOETHANOL GRATE

BIO-20-341

The Kingston is a freestanding fireplace insert that can transform your traditional wood stove or open fireplace into a bioethanol fireplace. The Kingston fireplace simply needs to be placed in your existing fireplace and requires no additional installation. Like other bioethanol fireplaces, the Kingston does not need a chimney connection, making it ideal for older fireplaces where the chimney has been sealed off. The included burner has a capacity of 1.5 liters, which can provide up to 6 hours of burn time on a full refill.

TECHNICAL SPECIFICATIONS

Key Specifications

Product type	Insert for Existing Fireplace
Product type	Bioethanol Fireplace Insert
Brand	ScandiFlames
Use	Indoor
Warranty	2 years

Dimensions & Weight

Length/Width	46 cm
Height	29 cm
